Biden's Campaign

THE BIDEN PLAN TO
Improve Racial Economic
Equity

THE BIDEN PLAN TO
Fix Our Bankruptcy System

THE BIDEN PLAN TO
Invest in Our Infrastructure

THE BIDEN PLAN TO

Strengthen the Caregiving and Education Workforce

Each of these promises are focused on providing jobs , improving education system which in turn add value to USD and tend to bring dollar back into power . However we do not see any major commitments made to improve and support large scale business which will a negative factor for the stock markets

Trump's achievements

The Trump administration announced it has saved \$90 billion in regulatory costs to the economy and consumers.

New home sales jumped to an annual rate of 764,000 units under President Trump's economy, the highest level since July 2007.

> Job growth marked the 4th largest gain in American history, 2.5 times better than any month under the Obama-Biden administration.

225,000 jobs were created in January.

Trump being a businessman helped large business become even bigger By providing stimulus packages he provided so much financial aid . Stock markets touched record highs even after corona pandemic . Do we see similar growth in tech sector if he comes into power again , It gives positive impact to the stock market

The Dow Jones Industrial Average hit record highs over 100 times under President Trump.
